

Dear Hiring Manager

I'm writing to express interest in the HSE Officer position at your company. With over five years of experience in Environmental Health, Sanitation & Safety (HSE) and Construction Project Management, I believe I can contribute effectively to your team.

I hold a Higher National Diploma (HND) in Civil Engineering from Accra Technical University, with additional coursework in Construction Project Management. My professional background includes work as an Environmental Health, Sanitation, and Safety Officer at La-Nkwantang Madina Municipal Assembly, where I focused on implementing HSE protocols, leading disease prevention initiatives, and waste management.

During my time at La-Nkwantang Madina Municipal Assembly, I led comprehensive school hygiene inspections and awareness programs, organized hygiene training for food handlers and eateries, improved waste management practices and workplace safety practices. Additionally, my internship at Ghana Highways Authority provided valuable insights into road construction inspections and critical construction materials testing.

I possess a diverse skill set, including proficiency in Microsoft Office Suite, problem-solving abilities, communication skills, and leadership capabilities. Moreover, I have entry-level proficiency in AutoCad Revit and basic structural analysis skills with Bentley STAAD.Pro. My familiarity with HSE management systems and ISO standards further enhances my suitability for the role.

Attached is my CV, which provides additional details about my qualifications and accomplishments. I would welcome the opportunity to discuss how my background, skills, and enthusiasm align with the needs of your team. Thank you for considering my application. I look forward to the possibility of contributing to your company's continued growth and success.

Sincerely,

Ebenezer Yeboah Annor.
